7. **Low Ropes Challenge Course**
- Our Low Ropes Challenge Course promotes team cohesion. Groups are given a task to accomplish that at first seems difficult or impossible. The group must problem solve, communicate, and work together in order to achieve success. The experience is then discussed with a trained facilitator and connections are made to work place/real world environments. All activities on a low ropes challenge course are on the ground or no more than two feet above the ground.
 - Research has found that when people work together outside of their comfort zone to accomplish a goal, a strong environment for positive change does occur.
 - Low ropes challenge courses are designed for groups of all ages and types. The key factor is a group of people wishing to participate. Usually, groups of 8-12 are most desirable.
 - The Course Fee is \$8.00 per participant plus an hourly rate of \$10 - \$20 for each facilitator. The facilitator is contracted and will determine the hourly fee to be charged. The responsible person for the group will negotiate this hourly rate and the number of facilitators with the facilitator. Example: For 4 hours of time on the course, each participant will pay \$8 and the facilitator will receive between \$40 and \$80 for his/her services.
 - The Course Fee covers course rental and equipment usage.
 - Ratios: One facilitator is needed for every 8-12 people. There must be a minimum of 5 people in the group. We can provide the names of facilitators that may be available and you negotiate directly with him/her.
 - Groups may choose to provide their own facilitator(s). Documentation of the facilitator(s) training certification from a professional organization must be provided to and approved by the State 4-H Office prior to scheduled activity dates. Call for pricing.
