

Kentucky 4-H Shooting Sports Education Committee

State Instructor Consideration Application

Dear Candidate

Thank You for submitting this request for consideration to be recommended by the Kentucky 4-H Shooting Sports Education Committee to become one of our Nationally Certified State Instructors. This request shows that you believe in the objectives of the 4-H Shooting Sports Education Program and have the desire to dedicate more of yourself than just to the county level program.

The State Committee maintains a certain number of instructors in order to ensure that we can provide the necessary training at each workshop in a safe efficient manner. The National 4-H Shooting Sports Committee hosts training workshops in different areas of the country as the demand necessitates. Usually this is once a year although not always. The number of applicants that each state may send is determined by the national committee and not the state itself. The number of participants is determined by a number of factors like instructors available, amount of help and size of the hosting facility. Classes are limited to manageable sizes. The states within the area hosting the workshop are commonly given higher priority to the number of candidates they may send. The state committee sends instructors to be trained only on an as needed basis.

You may be well known to the committee members and state level instructors or you may be relatively new to our program and believe in it so strongly that you wish to give the most you can to promote the program right from the start. Whatever the case may be, we greatly appreciate your dedication to the program. In the following pages you will be asked to provide information on yourself and which discipline or disciplines you would like to be considered for. This information will be reviewed by the state executive committee and the state level instructors you would be working with. The information you provide will help them choose the candidate most suited to meet the needs of the program and the area of instruction in which you would be most valuable.

If you should be the successful candidate chosen by the committee you will be required to sign a contract in which you agree to work in your capacity as a state instructor for a three year period at the certification workshops and state contest. If you fail to fulfill your obligation you will be required to reimburse the committee the cost of having your replacement trained. Successful candidates will have to complete a National 4-H Shooting Sports Committee application as well. Once again thank you for your dedication and service to the program.

Yours truly,
Kentucky 4-H Shooting Education Committee

State Instructor Consideration Application

Name _____

Address _____

City _____, KY Zip Code _____

Telephone _____ E-mail _____

Cell # _____ County _____

Age _____ DOB _____

Do you have a current Youth Protection Background check on file in your county?

Yes _____ No _____
