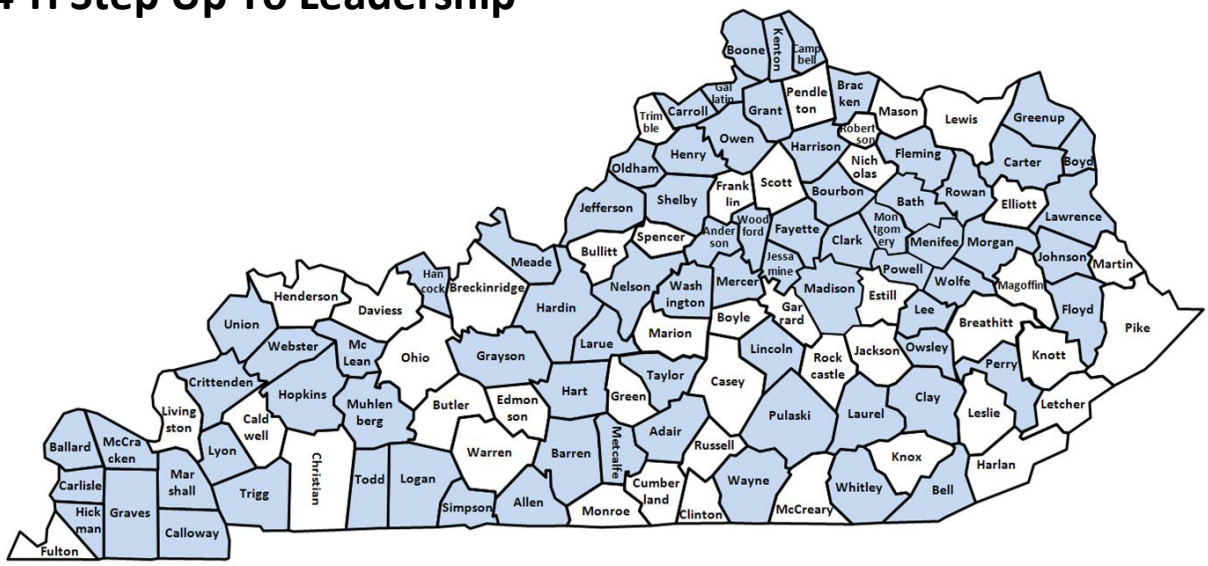
FY08 Report

# 4-H Step Up To Leadership



Seventy six Kentucky counties reported 11,106 youth completing 6 or more hours of Step Up to Leadership curriculum, thus improving their knowledge and skills related to public speaking and communication, decision making, leadership and teamwork practices. This is a 170% increase in youth completing this curriculum over last year.

After completing the officer training component of the Step Up to Leadership program, 3255 youth have reported successfully leading their 4-H Club meeting using proper meeting format and parliamentary procedure.

The Step Up to Leadership program has resulted in 3843 youth actively working to make a difference in their community by planning and implementing community service projects.

As a result of participating in the Step Up to Leadership Program, 4-H Agents report youth report being more actively engaged in their communities: 81% one percent of counties report youth serving as members on advisory groups, 75% of counties report youth serving as mentors for younger youth, and 63% report youth working as partners with adults in addressing community issues.
