

Master Gardener

In FY08, 40 Kentucky counties reported offering the Master Gardener Program training 395 new volunteers to extend the knowledge and skills of Extension Agents in addressing the Home and Commercial Horticulture needs in these communities.

Kentucky's 1064 active Extension Master Gardeners (includes persons trained in previous years) contributed 33,357 volunteer hours and served 60,376 clientele in FY08 addressing Home and Commercial Horticultural needs through workshops, meetings, community garden programs, newsletters, and in-office and on-site diagnostic efforts. The value of the volunteer time contributed to the Kentucky Extension Programs by the Master Gardeners is placed at over \$536,000.00.

Master Gardener 40 Counties Reported Participating

- 395** Number of new Extension Master Gardeners trained for your county this program year? (Include those from your county trained in Multi-county programs but do not report those which another Extension Agent may report.)
- 1064** Number of Extension Master Gardeners active in this county program? (Include those trained in previous years which are still active.)
- 33357** Number of volunteer hours contributed by Extension Master Gardeners this program year?
- 60376** Number of client contacts made by Extension Master Gardeners in county educational/service programs? (Include meetings, programs, workshops, newsletters, Q&A in office and on site, and diagnostic work done.)
