

2008 Questionnaire – at the very end of the week long program the students were asked to fill out the following open ended questionnaire. The answers reflect all the goals that the instructors hoped to accomplish.

**The best part was.....**

1. Exploring cave
2. Meeting people/wetland
3. The cave
4. The bats/bugs
5. Going through the forest and making the plots
6. When Seth came about the fire
7. Getting to interact with all the different personality types and not have to worry about being you.
8. Going through the cave.
9. Going to the cave and making it through. Going to the lake. Getting to know everyone.
10. Caving
11. The Cave
12. Hiking through the woods and building a fire
13. Wetlands and true colors and fire
14. Wetlands
15. Meeting new people, learn more about trees and wetlands
16. The hands on training and all of the new people I met and became friends with
17. The cave and meeting new buds
18. Letting go of the grown person inside me. I was able to be myself.
19. Going through the cave
20. Cave
21. Cave
22. EVERYTHING
23. Learning something new everyday, all the activities and the people I met.

**I learned.....**

1. About entomology
2. Forestry and bugs

3. About anything and everything one person could in one week
4. Orders of bugs
5. Different tree types
6. How to test water PH
7. That there are more than one type of cicada
8. (Too much to fit on this paper) but I think how to identify trees
9. So much, not just about forestry and entomology, but about people and having fun
10. How to id trees
11. How to id different trees
12. A lot of bugs, trees, and about fire.
13. A lot more than I thought I would.
14. About lots of trees and insects
15. A whole lot
16. More depth into Forestry and will be using in environthon.
17. More about trees and bugs
18. That Robert loves to whistle
19. How to take a plot
20. A lot about the different critters that live in the water.
21. A lot about soil woods
22. That Luna moths don't eat and only live one week
23. How to use a compass, how to use a Biltmore stick, about bugs, and a whole heck of a lot more.

### **I felt good when.....**

1. Fell in wetlands.
2. I felt like people like me
3. We went swimming
4. When my bug collection was finished!
5. We were all just laughing and having a fun time
6. We were sitting around the fire.
7. We congratulate the other teams as well.
8. My team won the fire competition by working together.
9. I got to try on the firefighter suit
10. I eat dinner
11. I completed the Amazing Race
12. I answered jeopardy questions because it made me realize I learned a lot

13. We all shared what we liked around the fire.
14. I made it out of the cave
15. We went swimming
16. I became a better speaker
17. I was with my friends
18. We all come together and worked as one.
19. My team gave our land management plan and used teamwork
20. I fell in the wetland
21. I was awake
22. We won the fire building contest
23. We went caving diving, when we had a water balloon fight, the wetlands, and getting picked on for being on the phone, I loved true colors

I wish...

1. The week wouldn't fly by
2. And hope I can come back next year
3. I was able to come back again
4. More time to sleep
5. That it could last forever
6. I could come back
7. The we had more time to do the program
8. This camp was longer
9. The camp was longer
10. I could stay longer
11. I could do it all over
12. The week was long, and days weren't so full
13. I could stay another week
14. I would have brought more clothes
15. We could stay longer
16. We had another week
17. I could come back again and learn more and see friends again.
18. That this program was for your senior summer too.
19. That is lasted longer
20. I can come back next year
21. That I could stay
22. It was longer
23. I could have stayed longer in the cave and gotten more sleep

Evaluation Shape Up

### **List three things that you have learned....**

1. Pine beetles killed many pine; Juvenile Red Elfe mature backwards, better management of land
2. Compass, pacing, wetlands
3. How to use a Biltmore stick, orders and classes of insects, how to test water quality
4. Watershed, bugs, leadership
5. Tree types and id, soil layers, water quality
6. Katie is a nut (and awesome); there is less than 4% of usable water, Sarah is great
7. MAD BUCK – opposites (tree id); roly poly's are crustaceans, Dichotomous keys
8. Fire triangle, heat, oxygen, fuel
9. Triangle of fire, what a Lepidoptera is, wetlands are fun
10. How to measure trees, how to id bugs, how to id trees.
11. How to id trees, how to id arthropods, and to test for turbidity
12. 47% of Kentucky is forested, out state tree is yellow(hypen) poplar; how to do a plot
13. How to suppress fires, tree id, a lot about bugs
14. Fire triangle, tree measurements, difference between centipedes and millipedes.
15. Trees are alternate or opposite, I have new friends, yoga
16. Less than 4% of drinkable water on Earth, Kentucky is 47% forest, black oaks are fuzzy
17. Fire stuff, trees, bugs
18. No matter where you are you'll always find on person you can get along with
19. How to use a mirror compass, how to measure the turbidity of water, what kind of traps they use to catch bats
20. Forest, water, bug
21. Biltmore stick, a lot of misc
22. Luna moths don't eat, Red Elfes mature backwards, Caves are muddy
23. How to use a Biltmore stick, how to get along with others, that you can have fun and learn at the same time

### **One thing that has "squared" with your beliefs.....**

1. I like forestry
2. That water needs to be managed
3. Everything
4. Teamwork

5. Confused and dazed
6. Keep it legal
7. Hands on training
8. I believed I would have a great time
9. Making friends
10. Forest management
11. Huh
12. Conservation
13. Possibilities
14. Nature is awesome
15. Hands on training
16. There are less than 4% potable water
17. The love of making people laugh at really makes me happy to see people smiling
18. That forestry is not rocket science
19. It squared
20. I love caves
21. Nature is awesome
22. Trees are important to a whole lot of things

One thing that is still "going round and round" in your mind about the week's activities...

1. Water quality
2. Late nights of staying up
3. The people here are great. I'm going to miss them.
4. Nothing
5. Playing volleyball Tuesday night
6. The fire
7. All the teamwork activities
8. Rollie Pollies are isopoda's
9. All the friends and can't wait to come back
10. Caring
11. Is my cave adventurer
12. We only have a very small part that is good soil
13. The whole experience and the friends I made
14. The forests and late activities we did
15. The apple analogy
16. Is all the information and phone numbers
17. Hangin with my new friends

18. The wetlands
19. About everything
20. Cave
21. All the cool people I met
22. The things I've learned about forestry and all the job opportunities involved.

**How likely are you to put something you learned at the F and E Leadership Program to use?**

1. Definitely (19)
2. Quite Likely (3)
3. Maybe (1)

**One thing I will do as a result of the Forestry and Entomology Leadership Program....**

1. Presentation about it at conservation office
2. Use it on my property
3. Go home and sleep
4. Encourage envirothon at my school
5. Just be more aware of my surroundings
6. Game warden or fire team
7. Continue with environthon
8. Go home and teach everyone else what I've learned
9. Join the KWOA
10. Better manage my woods
11. Give a presentation to the board that paid my way and encourage others to come
12. Put what I learned to use at envirothon and maybe as a career
13. Maybe go into a career with forestry or outdoors
14. Use the experience in the future
15. Use what I've learned when participating in my envirothon team
16. Pay attention more to the environment and be a better speaker
17. Do better in envirothon and FFA activities
18. Try to make a difference
19. Try to tell others more about forestry
20. Examine woodlands more carefully
21. Become an entomologist
22. Get more involved in such programs in my area

**The most important idea that I will take home from the Forestry and Entomology Leadership Program is...**

1. Preserve our forest
2. Forest needs managed
3. People are great
4. Conservation
5. The fire seasons
6. The knowledge of friendship
7. How important it is to take care of the Earth
8. Friendship
9. How to id woods
10. This camp has shown me that I can do anything I set my mind to
11. You can do anything as long as you love it
12. Too many to name
13. How to make environment more healthy
14. Be smart and use the nature and world wisely
15. The tree identification and dichotomous key
16. How and why I should preserve water
17. If you just drop all your self conspicuousness and just go for it you'll be a lot happier in the long run.
18. How easy it is to use teamwork
19. Take care of your environment
20. Most
21. Everything is connected
22. Team work and a want for education

**How about food issues....**

1. Not a problem
2. Great
3. Excellent
4. Needed skim milk
5. Its edible
6. Great
7. Amazing
8. None here
9. Great...especially the cheesy potatoes
10. Good
11. Good

12. Best cafeteria food ever
13. Great
14. Great
15. They were some gooden's
16. Delicious
17. Great
18. Good
19. First lunch was too small
20. Good food no dessert lunch
21. Spectacular

**Any suggestions about next year's program....**

1. Let me come back for entomology
2. Nope its great
3. More time in the forest, well not everyone will like it but I really did
4. Its great
5. None
6. Make it clear entomology is an option
7. Its perfect
8. No
9. Give more notice on clothes
10. More hiking
11. More animal experience and outdoor activities
12. No curfew, as long as you can get up and be active
13. More freedom and time to talk with peers
14. That the program was for your senior year too
15. Make it as fun as this year
16. It was all really good
17. Geology of cave/ecosystem
18. More time outside
19. Don't change a thing. It was great

**What one word would summarize your week....**

1. Awesome
2. Super
3. Supercalifragilisticexpialidocious
4. Awesome
5. Funerific
6. Fantastic

7. Fun
8. Awesome
9. Sweetaction
10. Awesome
11. Fantastic
12. Awesome
13. Active
14. Amazing
15. Exciting/awesome
16. Awesome flashlights in caves
17. AWESOME
18. Woohoo
19. Awesome
20. Awesome
21. Enlightening
22. Splendiferous
23. Extraordinary

Back.....

Where did you find out about the Kentucky Forest and Entomology Program?

Teacher - 7

Guidance Counselor - 3

Soil Conservation District - 1

Cooperative extension Service – 4-H - 4

Mutual friend - 4

FFA - 8

Envirothon instructor – 6

VO Ag instructor – 3

Other: Drafted, previous worker, worker at the camp, parent,
