KENTUCKY CPH REQUIREMENTS

1. Owned by seller a minimum of 60 days.
2. Weaned a minimum of 30 days.
3. Trained to eat feed from a bunk (Do not overfeed; fleshy calves should be avoided) and drink water from a trough.
4. Dehorned and healed (no visible horns or scurs).
5. Males castrated and healed (knife castration is strongly recommended).
6. Treated for grubs and lice.
7. Dewormed with a product effective against inhibited ostertagia a maximum of 90 days before the sale.
8. Vaccinated for Clostridia (7-way).
9. Vaccinated and boosted for IBR, PI₃, BVD, BRSV and *H. somnus* (booster injection for viral diseases recommended to be modified live vaccine)

NOTE: *All vaccines and boosters must be administered no more than 90 days and at least 14 days prior to sale. (See chart below for yearling cattle).

10. All processing recorded on body map and chart on CPH certificate.
11. Identified with official Kentucky CPH tag.
12. Heifers are guaranteed open at time of sale and steers are guaranteed not to be bulls. Seller agrees to reimburse buyer \$100.00 for pregnant heifers or intact bulls. All claims must be properly verified by a veterinarian within seven (7) months of sale.

13. OPTIONAL: *Pasteurella haemolytica* vaccination. **G**
 Implants **G** _____ (product name)

G YEARLING OPTIONS - Check if this applies
 (calves weaned a minimum of 90 days before sale)

1. Same requirements as above except that yearling cattle do not have to be revaccinated prior to sale provided they were vaccinated and boosted according to label guideline time limits for the diseases listed above in item 9.
2. Grub and lice treatment according to label recommendations for time of year.

CERTIFYING STATEMENTS AND SIGNATURES

I certify that the cattle represented on this certificate adhere to the above requirements and that this record is accurate.

 Signature of Owner Date

I observed the cattle represented on this certificate on-farm and they are weaned, eating feed from a bunk and drinking water from a trough or they conform to the yearling requirements.

 Signature of County Extension Agent Date

PROCESSING MUST BE RECORDED ON REVERSE OF CERTIFICATE

Deliver signed original (2 signatures) to sale with preconditioned cattle. Photocopy certificate if copies are required for records. Contact County Extension Agent for Agriculture for inspection.

TOTAL QUALITY MANAGEMENT PRECONDITIONING PROCESSING MAP

All injections should be given subcutaneously when possible and intramuscular injections should be given in the neck.
