

Join the *Kentucky Association of State Extension Professionals*

The Kentucky Association of State Extension Professionals (KASEP) is the organization that represents Extension specialists, Extension associates, and other professionals in the College of Agriculture with area and/or state Extension assignments or appointments. KASEP is your voice with college administration and your organization that provides you with the opportunity to interact with other Extension professionals.

Annual dues are just \$15, and cover the period from July 1, 2009 until June 30, 2010. Your support is needed as both a dues paying member of this association and as an active member of one of the various committees. In addition, members of the organization are eligible for the annual awards presented by KASEP (M.D. Whiteker Award for Excellence in Extension, Outstanding New Specialist Award, Outstanding Extension Associate Award, Outstanding Project Award, and Outstanding Program Award).

KASEP will typically hold three to four meetings during the year on topics of interest to Extension professionals. Meeting details for this year are currently being planned.

Make your check for \$15 payable to KASEP and send it with this form to:

Cory Walters, KASEP Treasurer
University of Kentucky, Department of Agricultural Economics
400 C.E. Barnhart Building
Lexington, KY 40546-0276
